## Junior Golf Program

Welcome to the Plymouth Country Club Junior Golf Program! The Professional Golf Staff continues to develop an organized curriculum that encourages athletic development and fun. We are excited to promote a unique classification system that helps group junior golfers according to skill level and age. The core of our program continues to be our weekly Junior Golf Clinics available to children 6 years of age and older regardless of skill level. However, we encourage each junior golfer to test their skills to be placed in the proper classification group.

The goal of the PCC Junior Golf Program is to create a fun and competitive atmosphere while giving the children an opportunity to enhance their skills on and off the golf course. Topics covered will include practice range and golf course etiquette, rules of golf, fundamentals of the golf swing, as well as the five swings of golf (putt, chip, pitch, full swing iron, and full swing wood).

In 2019, we will provide friendly competition with an Interclub League via PGA Jr. League. As always, our knowledgeable Junior Golf Coaches will be conducting clinics, camps, and private individual / group lessons for junior golfers of all ages and skill levels.

### **JUNIOR PROGRAM CORE VALUES**

**Honesty**

**Integrity**

**Sportsmanship**

**Respect**

**Confidence**

**Responsibility**

**Perseverance**

**Courtesy**

**Judgement**

These are the “9 core values” of the National First Tee program and something we feel strongly about here at Plymouth Country Club. We believe that golf is a lifelong sport that needs to be taught with a responsibility far beyond the game itself.

Everything you need to know about Junior Golf at PCC can be found in the handbook. Please feel free to contact the Professional Golf Staff with any questions.

# Junior Golf Classification System

The development of junior golfers relies heavily on appropriate instruction and proper group assignment. Plymouth Country Club's Junior Golf Classification System is designed to place children in groups based on skill level and age. This allows our coaches to progress kids through the phases of development using an objective criterion and a developmental mind-set. The PCC Junior Golf Program has been broken up into 5 different levels.

Children will be tested on 9 disciplines and, depending on how they perform, they will be placed into a certain level. The 9 disciplines that will be tested are:

1. Target Driver Distance
2. Target 6 or 7 Iron Distance
3. Driver Accuracy
4. Pace of Play
5. Short Putt Accuracy
6. Long Putt Accuracy
7. Chipping Accuracy
8. Golf Facts
9. Golf Etiquette

Each child is placed through the test and is graded on a pass/fail score. The total number of passed proficiencies will determine what level the child earns. Each child, regardless of their chronological age, must go through the testing process to enhance their Junior Golf experience. Please reference the chart on the next page with the descriptions of each test.

Junior golf coaches will have the ability to test children on a regular basis or whenever they feel the child is ready to progress up the ranking system.

## Junior Interclub Team

The Junior League Golf is designed to bring a “Little League” atmosphere to the game of golf. With teams of boys and girls, ages 9-13, the program provides a structured league environment for young golfers to compete and have fun. A team is comprised of 12 to 20 junior golfers who participate in local matches (home and away) against area teams. Players must achieve a minimum of Level 3 classification before joining the team. (See classification system above) However, the scramble format provides a comfort zone for the developing player and is designed to better socialize the game for boys and girls.

**Regular participation in matches and practices is crucial to the program’s overall success. Please do not sign up if your child cannot participate in the majority of our matches. The FIRST 14 junior full golf members to sign up and can participate in the matches will be accepted onto the team. If we get enough interest we will create an additional team.**
